Subject: Uv system

Good morning Will finally got a price for the uv system for the Community center. The price is for the same system that is there now. Still waiting on a price for a different make that might be a better price.

The price for the Viqua pro 10 uv system installed is $3,164.19 plus H.S.T.

Let me know if you want to go ahead and order or have any questions.

I will check with Emco today and see if they got a price on the other system to see if it is a better price.

Thanks Leigh.
