REPORT TO COUNCIL

Date: December 5, 2023

From: Kris Croskery-Hodgins, Municipal Administrator

Re: Shared Service Agreement for Building Related Services

BACKGROUND/OVERVIEW

No backup currently exists in the Township's building services department, meaning there are times throughout the year where the Township is unable to meet the legislative timeframes for inspections under the Building Code Act.

Working with the Municipality of Callander and the Municipality of Powassan, a shared service agreement for Building Inspections has been created and a draft agreement is attached for Council review.

Each municipality retains the ownership of their respective building files and may request the assistance of the duly named and appointed Building Official from the Municipality of Powassan to provide inspections when the Township's Chief Building Official is on vacation, away at training or during an approved leave of absence. This is not intended to fill a long-term or permanent vacancy in any Building Services Department of the respective municipality.

A cost for service and mileage to the inspection would be paid by the receiving municipality to the municipality providing the service, in the Township of Nipissing's case it would be to the Municipality of Powassan.

It is anticipated that this requirement may occur two to three times per year.

SUMMARY

The agreement would assist the Township when the CBO is away from the office and would provide better customer service to our residents. It would also permit the Township to meet the legislated timeframes for inspections, reducing liability moving forward.

The Township currently has a Shared Service Agreement in place with the Municipality of Callander for the provision of Chief Building Official services. This agreement would support those services in their absence.

Respectfully,
Kris Croskery-Hodgins, Municipal Administrator
